

# 2010 sewer rates

## Northeast Ohio Regional Sewer District

### 2010 RATE SCHEDULE *per MCF\**

	Cleveland		Suburbs	
	REGULAR	HOMESTEAD <sup>†</sup>	REGULAR	HOMESTEAD <sup>†</sup>
2010	<b>\$40.75</b>	<b>\$27.35</b>	<b>\$44.25</b>	<b>\$29.70</b>
2011	\$44.75	\$30.05	\$48.00	\$32.25

\* MCF = 1,000 cubic feet of water | Local charges not included.

<sup>†</sup> Homestead Rate Program details: See back page

Higher energy costs, up-front expenses for major improvements, and federally mandated projects continue to affect sewer rates. We know this is unpleasant news, especially in tough economic times.

You can rest assured that we are doing our best to keep rate increases to a minimum. In the meantime, we will keep you informed of any changes, so that you can plan accordingly.

## IMPORTANT PUBLIC NOTICE

# TWO WAYS TO SAVE MONEY

## Homestead Rate Program

**HOW IT WORKS:** A reduced rate is available to elderly or disabled customers.

**WHO MAY QUALIFY:** Customers 65 and older, or anyone under 65 who is totally disabled. Household income must not exceed \$29,500 and applicants must own the property in which they live.

## Summer Sprinkling Program

**HOW IT WORKS:** Customers typically use more water in the summer—watering lawns, filling pools, and so on. So from May 1 through September 30, sewer charges are based on average winter water usage or actual summer water usage, whichever is lower.

**WHO MAY QUALIFY:** Owners who occupy a one-, two-, three-, or four-family home.

### TO APPLY FOR EITHER OF THESE PROGRAMS:

In Berea, call (440) 891-3308

In Cleveland Heights, call (216) 291-5995

In North Royalton, call (440) 582-6234

In Cleveland or other suburbs, call (216) 881-8247
