

# Cuyahoga County **MERCURY THERMOMETER EXCHANGE**

## **Make your home a safer place!**

Turn in your mercury thermometers and receive a free digital thermometer in exchange.

### **WHEN**

**SATURDAY, OCTOBER 2, 2004**  
9:00 a.m. to 1:00 p.m.

### **WHERE**

Bay Village	Bay Village Fire Station, 28100 Wolf Road
Beachwood	Beachwood Fire Station, 2655 Richmond Road
Cleveland	Northeast Ohio Regional Sewer District, 14021 Lakeshore Blvd.
Cleveland	Northeast Ohio Regional Sewer District, 3900 Euclid Avenue
Cuyahoga Hts.	Northeast Ohio Regional Sewer District, 4747 E. 49 Street
North Royalton	North Royalton Fire Station, 7000 Royalton Road
Solon	Solon Fire Station, 6320 SOM Center Road

**Place thermometers in a sealed plastic bag before transporting.**  
**Limit of one free digital thermometer per household.**

### **WHY**

Mercury, the dense silvery metal found in old glass fever thermometers, is highly toxic to humans and the environment. If a thermometer breaks in the home, the mercury can be absorbed by the body through inhalation, ingestion and skin exposure and can cause adverse health effects.

**For information call the Cuyahoga County Solid Waste District (216) 443-3749.**
