## Today we celebrate the dedication and service of more than 110 employees.

Since 1972, the Northeast Ohio Regional Sewer District has been improving Greater Cleveland's water resources and protecting public health. This is possible through the teamwork and leadership of the many men and women who have served us, our organization, and our region.

To our employees, and their families, thank you for your years and decades of service. We hope you enjoy this evening in your honor.

*Darnell Brown, Board President*

*Julius Ciaccia, Executive Director*
